

Say hello to Copilot

Your AI assistant for digital career advice

Connector copilot is your Digital Careers assistant, ready and waiting to chat and answer your questions. **Powered with Microsoft AI technology**, Copilot connects you with employers, providers and opportunities, as well as finding the right upskilling courses for your needs and answering your questions about the digital industry. When it comes to digital careers, **if you can ask it.... copilot can answer it!**

Search for learning modules to boost your knowledge of digital careers

Discover unmissable opportunities to share with your students

Learn everything there is to know about the digital industry, become an expert!

I'm thinking about a career in digital, but I don't know where to start. Can you help?

😊 I certainly can! But first, let me ask a question - is there an area of digital that really interests you? 🤔

I quite like the sound of a career in AI

A fine choice if I say so myself! 🙌
We have a range of apprenticeships and bootcamps you can apply to 📝 Or why not learn some AI skills, and take one of our Microsoft Learn modules.

Thanks Copilot! I'll take a look! 👍

Copilot is **ready and waiting** to chat with you today
